

European Tyre Recycling Association

Dear Speakers and Delegates,

Owing to the persistence of Covid-19, continuing risks and travel restrictions still in force with many countries, the ETRA Board and Committee Chair, have met and unanimously agree that it would be in the best interest of speakers, delegates and guests to further postpone the 27th ETRA Conference.

We would like to confirm that the 27th ETRA Conference on Tyre Recycling will be postponed. It is now scheduled to take place from **Wednesday through Friday 24 through 26 March 2021**.

We have changed the date also taking into account many requests and concerns from people interested but worried for not being able to plan a safe trip, owing to the health and travel issues.

We are now back to the normal ETRA Conference dates, usually scheduled in March. We hope that this will allow you to easily update your schedules matching with your various commitments so that you will be able to participate in the 27th ETRA Conference.

We will contact you with updates as soon as the Hotel and Programme are reconfirmed. Fees will remain the same for both delegates and speakers. Please feel free to contact us if you have any questions or wish additional information

The ETRA Team
